

OSTEEN

Mr. E. F. Crawford has rented a house and land to cultivate on Celery Ave., a half mile out of Sanford, where he expects to experiment in a variety of crops. He has had onion sets shipped from his Texas plantation and seeds from Bahama Islands.

Miss Grace Lowe and brother are quite well again, we rejoice to note.

Miss Hattie Tate is in Sanford doing sewing under the instruction of Mrs. Clark.

Mrs. Laing is preparing to spend some weeks with her parents in Callahan.

Mrs. Wakefield and Mrs. Pelton, of Lake Helen, are guests of Mrs. A. T. Pattillo and daughter. The party enjoyed a drive to the springs near Enterprise one afternoon.

Mr. J. W. Giftis, of Shiloh-on-Indian River, was in Osteen Saturday on a business trip. While here he purchased a pair of mules and wagon of J. Ed. Pattillo, and drove back across country, thirty miles south-east.

DIZZINESS—DO YOU HAVE IT?
This is caused by the bile being reabsorbed into the circulation. To get rid of this trouble it is necessary to use a good liver medicine to eliminate the surplus bile from the system. St. Joseph's Liver Regulator (either liquid or powders) does this to perfection. Use it for all bilious troubles and you will soon feel better. Accept no substitute, but insist on having the genuine St. Joseph's Liver Regulator. Druggists and dealers sell it, liquid, 10 cents a bottle; powders, in tin boxes, 25 cents a box, five boxes for a dollar.

CORONADO.

The Coronado boys played ball with New Smyrna last Thursday and won, the score being 15 to 4. The boys came home very happy and making lots of noise to inform every one how lucky they were.

Mr. Detwiler, wife and daughter Hannah drove up to Port Orange Monday to transact some business for Mrs. Duss.

The District Superintendent, Rev. H. G. Porter, will preach at Coronado Sunday afternoon, July 25, at 3.30 o'clock. Every one is cordially invited to attend.

Mr. and Mrs. Barber drove out Sunday to Glencoe and beyond; it wasn't at all a pleasant ride, mosquitoes were too thick.

The Priscilla Club met Thursday afternoon at the home of Mrs. Henry Marot and was entertained by the Misses Fannie and Bessie Marot. The day being pretty all the members were present and two visitors, the Misses Smith of Orlando. Miss Hannah read a delightful story and the needles were busy while the members listened. Dainty refreshments of ice cold watermelon were served and enjoyed.

Mrs. Priest and children, from Ormond, are visiting Mrs. Barber and Miss Genie for a few days.

Dr. F. H. Smith, from Orlando, is stopping for a short time with his brother, in Longstreet's river cottage.

Miss Eveleen Demaree arrived Tuesday from Kentucky to join her parents here. She has been going to school.

They have some very pleasant musicals up at the Atlantic Hotel these evenings. The Misses Smith help with these informal entertainments and every one enjoys them.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by all dealers.

The sheep experiment being tried by the San Mateo Fruit Company, in their orange grove, seems to be working all right so far. The sheep do not bother the orange trees and keep down the grass and weeds in good shape. The twelve acres of the Fruit Company's pasture would keep about 100 sheep. The 50 they have are not enough to cover the entire 12 acres and keep the grass down through the rainy season.

The Orange City News

DIED FROM LOCKJAW

Orange City will keep up with all that's going—even to having the lockjaw from the effects of a toy pistol. The little son of Dennis Bush (colored) had a toy pistol to celebrate the 4th with. He shot himself in his hand and died last Thursday with lockjaw. He is said to have been a very bright little fellow. A pity our Legislators do not prohibit the sale of toy pistols and cannon fire crackers in our State.

Dr. Frances Dickinson has been engaged by some of the people who have purchased lands of that Chicago syndicate to go out to the flat woods and locate their claims. She spent Saturday out there. The doctor has been having two wells put down at Arawana Lodge last week.

A BRIGHT FLORIDA BOY.

When Mrs. John Stillman was here visiting last week she was on her way home from Yale College, New Haven, Conn., where she had been to see her son Richard graduate from the law department. Dick, as he is familiarly called, has been studying law for the past three years. Last year, when he was only 20 years old, he passed the best examination at Tallahassee Fla., of any one in the class, in Florida law, and was admitted to the Florida bar. This year he graduated from Yale College at the age of 21, and now holds a position in the law office of J. R. Parrott in Jacksonville, president of the East Coast R. R. We are all feeling very proud of Dick and feel that he will make a success of his profession. He certainly has the good wishes of his friends here.

Mr. Will Tylander, of Ft. Pierce, came in on the Tuesday evening train to make his aunt Mrs. Bengston, a visit. He says Miss Ethel Molsinger is getting along fine and doing good work as his stenographer. He will be here until Saturday. Later, he will go to Conway, Mass., where his wife and children are spending the summer.

Prof. J. W. Sherill, agent for the Woodmen of the World, is spending sometime here trying to work up the interests of that order.

Mr. and Mrs. S. C. Fuller left Wednesday morning for their trip to California. Their first stop will be at Quincy, Fla., with the St. Johns. They will leave there for Kansas City Sunday, and make several other stops with friends before going to Los Angeles. They expect to reach their daughter, about twelve miles out from Los Angeles, on the 3d of August, which by the way, is their daughter's birthday.

Mr. Hood has moved into his new house on French avenue. He has a nice home for Mrs. Hood and little Dorothy to come to when they return from Maine this fall.

Mr. C. D. Gandy takes Mr. S. C. Fuller's place at our station while Mr. Fuller has his vacation.

The two Mrs. Powell and their children left Wednesday morning

for their old home in South Carolina, for a visit of two months. Their husbands will join them later and come home with them.

Mr. Perring has moved his family about forty miles this side of Jacksonville. He was the section boss at the junction. Mr. W. C. Bennett takes his place.

Master Fitzhugh Dade, who has been visiting his uncle's (Mr. Lawrence Dade) family for the past three weeks, left Wednesday for his home in Orlando.

The young people of the town got up a surprise party Thursday evening for Miss Walker, Mrs. Dade's niece, who is visiting her, and about fifteen repaired to the Dade residence in East Orange City where they spent a pleasant evening.

Miss Nellie Martin, who is spending the summer in Daytona, went to Jacksonville last week on the excursion and visited her friend, Miss Bertha Scott, who is studying for a nurse.

Another case of lockjaw has developed here from the Fourth and a toy pistol. This time it is a little Alexander boy (colored). He is not expected to live.

News comes that Mr. Chisholm has moved his family out of Alabama to a town of about 3,000 inhabitants in Georgia.

Mrs. Charles Irby and two children, of Jacksonville, arrived last Friday to make her parents, Mr. and Mrs. Morris Wheldon, a visit.

The Dickinsons are in the well business. They are putting down two at Arawanna Lodge, one at the Colonel Crenshaw place, and one at the Judge Bailey place. The main of the city waterworks does not reach these places. Miss Massey is helping to get these places in readiness for renting this winter.

Mrs. Eveleth writes from Texas that she was in a railroad wreck, but no one was hurt; only a delay for a few hours.

The Sperry lot in the burnt district is all cleared up and a fence built around it to keep cows and horses off.

EDITOR WALPOLE

IS A CANDIDATE

If the editor of *The Record* decides to enter the next legislative race, there are just two or three things we'd make paramount issues. First, State uniformity of text books. Second, the proper control of express companies; a just and equitable rate in lieu of the present outrageous, hold-up charges. Third, a law compelling refrigerator car companies to give back to the State a just taxation for the enormous profits made annually out of the people.—*Manatee Record*.

Bloobs—The girl to marry is the girl who believes in love in a cottage.

Slobbs—Yes, if a girl believes that, you could stuff her with any old thing.—*Philadelphia Record*.

Ayer's Hair Vigor

Ingredients: Sulphur, Glycerin, Quinin, Sodium Chlorid, Capsicum, Sage, Alcohol, Water, Perfume.

Anything injurious here? Ask your doctor.
Anything of merit here? Ask your doctor.
Will it stop falling hair? Ask your doctor.
Will it destroy dandruff? Ask your doctor.

Cramps

Thousands of ladies suffer agonies every month. If you do, stop and think. Is it natural? Emphatically and positively—NO! Then make up your mind to prevent or cure this needless suffering!

TAKE CARDUI

It Will Help You

"I suffered 9 years" writes Mrs. Sarah J. Hoskins, of Cary, Ky. "I had female trouble and would nearly cramp to death. My back and side would nearly kill me with pain. I tried everything to get relief, but failed, and at last began to take Cardui. Now I can do my housework with ease and I give Cardui the praise for the health I enjoy." Try.

John B. Stetson University

A SCHOOL FOR ALL DENOMINATIONS

COLLEGE OF LIBERAL ARTS.—English Language and Literature; Latin, Greek, German, French, Spanish, Mathematics, Chemistry, Physics, Mechanic Arts, History, Philosophy, Pedagogy, Political Economy, Biology, Geology, Physical Culture, Etc. In 1897, Stetson adopted the same requirements for admission and graduation that were held by the University of Chicago, and the two were affiliated.

COLLEGE OF LAW.—Always strong. This College will be further strengthened in the Fall of 1909 by increasing the teaching force and by offering a two years' and a three years' course of study.

COLLEGE OF TECHNOLOGY.—Civil, Electrical, Mechanical and Chemical Engineering courses leading to degrees.

COLLEGE FOR TEACHERS.—A College course for teachers leading to a degree; a NORMAL SCHOOL for Florida school teachers; model schools in all the grades of the Public School, special emphasis being put on the 7th and 8th grades; Kindergarten training school in separate building.

THE ACADEMY.—Classical, Latin Scientific and Scientific courses in preparation for College. Stetson is especially strong in this work. Its students have gone to Harvard, Yale, Princeton, Cornell, Michigan and Chicago.

BUSINESS COLLEGE.—Banking in all of its branches. Bookkeeping by best methods. Shorthand and Typewriting. Elective courses open in other Departments. Large Faculty and commodious building.

SCHOOL OF MECHANIC ARTS.—Woodworking, Iron Working and Manual Training.

SCHOOL OF FINE ARTS.—Drawing in Charcoal and Ink; Painting in Oil, Water Color and Pastel. New Studio, Costly Casts, Models, Etc.

SCHOOL OF MUSIC.—A \$10,000.00 pipe organ, 15 pianos, separate building, large faculty, thorough courses; opportunities of hearing oratorios.

Stetson has a faculty of 48 professors and teachers. They hold degrees from the University of Chicago, Harvard, Yale, Columbia, Toronto, Wake Forest, Louisville, Bowdoin, Utrecht, Bucknell, University of Michigan, Denison, Arkansas, Kalamazoo, Baltimore and other Institutions. There are over \$400,000.00 in buildings and equipment; nearly a quarter million dollar endowment. There is an endowment library of over 13,000 volumes; a beautiful chapel with costly furnishings, including stained glass windows, 7 oil paintings, a \$10,000.00 pipe organ; a Gymnasium with complete apparatus; an enclosed Athletic Field, running track, tennis courts, baseball diamond and gridiron, besides swimming pool, rowing and other sports, separate buildings for men and women; ten large laboratories for Chemistry, Physics, Bacteriology, Mineralogy and Biology; several large museums and shops; electric lights; electric bells, steam heat, cement walks, shell roads, broad avenues, spacious campus, shrubbery and trees; social, literary, musical and other students' clubs; star lecture courses; Christian and no sectarian teaching. The location is beautiful and healthful, and the expenses are low.

For catalogs, views, folders and information, address the President.

LINCOLN HULLEY, Ph.D., Litt.D., LL.D.

DeLand, Florida.
